## Putting the Out-of-the-way Business on the Main Street For a Few Dollars

The business that is up-stairs in some building or off the beaten trail can overcome its location—can put itself on the Main Street of Public Attention by advertising in the City Directory.

Your advertisement entitles you to be listed in heavy type under all of the classifications of your business in the new City Directory now being compiled. This makes your business **STAND OUT.** Thousands of people consult this buyers' guide every year.

Thus, for a very small sum you can be located on

**The Main Street of your City Catalog**

for a whole year.
